Plan benefits

We care

UnitedHealthcare Community Plan provides programs and services to help keep you well. We also have services to help better manage illnesses and other care needs.

These are part of our Population Health program. They can include:

- Health education and reminders
- Maternity support and education
- Support for substance use disorders
- Programs to help you with complex health needs (Care managers work with your doctor and other outside agencies)

These programs are voluntary. They are offered at no cost to you. You can choose to stop any program at any time.

You can find more information at **myuhc.com**. There you can learn more about the benefits, programs, and services offered to you. If you want to make a referral to our case management program, call Member Services at the phone number on page 7.

Plan benefits

Know your drug benefits

Visit our website to learn about your prescription drug benefits. It includes information on:

1. What drugs are covered. There is a list of covered drugs. You may need to use a generic drug in place of a brand name drug.
2. Where to get your prescriptions filled. You can find a pharmacy near you that accepts your plan. You may also be able to get certain drugs by mail.
3. Rules that may apply. Some drugs may only be covered in certain cases. For example, you might need to try a different drug first. Or you might need approval from MedImpact to use a drug. (This is called prior authorization.) There may also be limits to the amount you can get of certain drugs.
4. Any costs to you. You do not have copayments for prescriptions.

Look it up

Find information on your drug benefits at **kyportal.medimpact.com**. Or call **1-800-210-7628**.

Top Quality

UnitedHealthcare Community Plan has a Quality Improvement program. It works to give members better healthcare and services. Each year we set goals and measure how we are doing. Some of our goals focus on improving the number of services pregnant members and children receive. These include postpartum visits, well checkups, and immunizations. Other goals focus on making sure people with certain diseases, such as diabetes, get the tests they need. Sometimes a member needs to go to the hospital or emergency room for a mental health issue. When this happens, our goal is that they see a mental health professional after they go home.

We also survey our members each year. We want to see how they feel our health plan is performing. We use this feedback to improve the services that we offer, including our provider network and customer service. This year we are working on improving member's digital experience.

Want more information on our Quality Improvement program and results? Call Member Services toll-free at the phone number on page 7.

Care guidelines

Top care

We give our providers tools so they can best care for our members. These tools are called clinical practice guidelines. They inform the providers about how to manage illnesses and promote wellness. The guidelines cover care for a variety of illnesses and conditions like diabetes, high blood pressure and depression. They also give information on how to stay well with proper diet, exercise, and recommended vaccines.

The right care

UnitedHealthcare Community Plan does utilization management (UM). All managed care health plans do. It's how we make sure our members are getting the right care at the right time and in the right place.

A doctor reviews requests when care may not meet guidelines. They decide if the care and services are correct. The services must be covered under your benefits. We do not reward doctors or staff for denying services. We do not pay anyone for providing less care. Members and doctors have the right to appeal denials. A denial notice will tell you how to appeal.

Questions? Talk to our staff. Our call center is open 7 a.m.-7 p.m. EST, Monday-Friday. If you need to leave a message, someone will call you back. TDD/TTY services and language assistance are available if you need them. Call Member Services toll-free at the number on page 7.

Communication needs

We provide free services to help you communicate with us. We can send you information in languages other than English or in large print. You can ask for an interpreter. To ask for help, please call Member Services toll-free at the phone number on page 7.
